To The D. C Inspector etc -

Authorising the French Rocks Municipality to levy a lighting tax at the rate of two annas on every rupee of tax on buildings & lands situated within the Municipal limits.

Serial No 60

From the D.C. Mysore Districts no D3-1455/33-34 dt 23 Nov 1933

Recommends sanction to the proposal of the Municipality to levy a lighting tax at 2 as. with the object of meeting part of the recurring charges on the lighting

The use of the word "part of the recurring" which was abolished long ago & which has not been used in the municipal regulation is incorrect. It is not known whether the D.C. means by this that the tax has to be levied on shops also. It may perhaps be pointed out to the D.C that the use of this term should be discontinued

A draft G.O. sanctioning the proposal is submitted for approval or other orders

Sec 15/1/34

13 Under the M.L.Regn, 1906, the lighting tax could not, under Sec 59(ix) thereof exceed one third of the rate on buildings & lands. The same limit is maintained in the Town Meters Regn (vide Schedule I F) but Clause (c)

of Subsec (1) of Section 61 of the Minor Mines Regulation is silent on the point. The idea seems to be that as the imposition of taxes is to be subject to the rules prescribed, the necessary limitations regarding the rate of tax etc may be prescribed in the said rules.

4. Rules under Sec 61 for regulating the imposition of taxes have not been framed & the Branch has been asked to prepare & submit draft rules early.

5 So far as the present case is concerned the rate of tax proposed, viz, 2 annas in the rupee of house taxes is fairly low & may be approved. It is not likely that in the rules to be prescribed for the maximum of lighting tax allowed will be less than one-eighth of the tax on Bungalows

6 The draft G.O sanctioning the proposal may be approved.
